SAE INSTITUTE JOHANNESBURG

Bachelor of Arts in

Game Design

Experience

(2024)

HOUSE SITTING

Taking care of the family's home and being responsible for their pets and feeding them everyday.

Skills (Expanded)

- **3D ANIMATION & MODELING: BEGINNER**

During my time at Open Window Institute, I learned how to create 3D models, rig them and animate them in Blender. I also tackled motion design and VFX using Adobe After Effects and Premiere Pro.

- **DIGITAL ILLUSTRATION: BEGINNER**

I am able to use Clip Studio Paint to produce good quality illustrations. My illustration skills were further improved at SAE Institute during my Asset Design modules with Ethan Stoffles, who contributed towards Infinite Stars, a Fak'ugesi Award: Games For Change winner.

- **ARTIST: BEGINNER**

I have been drawing for majority of my life, and I deeply cherish art. My art skills are still at a beginner level, I can experiment with different design techniques. While studying for my BA in Game Design and my Higher Certificate in 3D, I learnt more techniques to improve my artworks. In future, I would like to become a Creative Director for games and eventually make my own manga for a game I have created.

MY ART STATION & INSTAGRAM:

Below are my Artstation account and my instagram where I post my artwork:
